It felt like...

Round 10 of a heavyweight fight
We're exchanging our words in my Shelby at night
Just got finish, with the Hollywood film
Cruising up the streets, on our way to the meal
She gets a call, and say's she got to go
I ask who it was, she says... Nobody you know
I pull over, with a blaze in my eye
Asking questions, to find it's a guy
What did he want, what did he need
He ask you out, I do believe
Her eyes water, she open's the door
She walks away slowly. She can't see me no more

You walked away, without out goodbye
Left me alone, and hung me dry
It broke my heart, you left me stunned
Don't come back, cause baby we're done

It seemed like...

My life great, things were going fine
My phone rings, I pick up the line
It's her, she's come crying back
It's so funny, it's a kick in the A**
She said she's sorry, and I hate what I said
You had no problem, I felt I was dead
Give her reasons, she felt kind of down
You think I'm playing and I'm messing around
Well you're wrong, there are no playing games
Don't you remember what happened that day?
You left me cold, and you walked out on me
You say you're sorry and I suppose to believe

You walked away, without out goodbye
Left me alone, and hung me dry
It broke my heart, you left me stunned
Don't come back, cause baby we're done

You walked away, without out goodbye
Left me alone, and hung me dry
It broke my heart, you left me stunned
Don't come back, cause baby we're done
