No matter what she did she had so much stress  
Her life became a bigger mess  
When she would take a step to the world  
She was such a beautiful girl  
I remember when she hugged me it felt so good.  
I would take her pain if I could  
She could live her life free of pain  
She's not the use to that it won't be the same

She's the one who completed my life  
I wish I could say that she was mine  
I would love her till death do us part  
She's the only girl that's in my heart

Every single day she asked for some help  
So I had this plan that I developed  
It would teach her to live life to the fullest  
No more lies enough with the bullshit  
She wanted me to hook her up  
With the man of her dreams be he wouldn't put up  
With all the tension and drama because it warm harm  
her  
But they're both hoping life would be calmer

She's the one who completed my life  
I wish I could say that she was mine  
I would love her till death do us part  
She's the only girl that's in my heart

After all was said and done  
And she's crying in her bed  
She's looking for a shoulder to cry on  
And I'm thinking in my head  
But I know I can't help her  
And it's eating me up  
She's the one that I love  
And ripping all of us apart

She's the one who completed my life  
I wish I could say that she was mine  
I would love her till death do us part  
She's the only girl that's in my heart

She's the one who completed my life  
I wish I could say that she was mine  
I would love her till death do us part  
She's the only girl that's in my heart
