So I'm sitting, I'm hoping, I'm dreaming she'll be mine
I'm praying, I'm wishing she'll have a special life
I tell her I need her to take away my pain
She is special, she is different, and she drives my head
insane
But every time I hear her voice and I look in to her eyes
She takes the bad away and brings good to me inside

She's like the wind... She just blows me away
She's like the air... I need her breathe (yeah)
She's like the Sun... Just-a shining down on me
She is the only one that brings happiness to me

So she's smiling, and laughing, she's living her perfect
dream
I'm watching, I'm waiting for her to come to me
I told her I love her as we look face to face
It's a feeling when I'm with her that can not be replaced
But every time I hear her voice and I look in to her eyes
She takes the bad away and brings good to me inside

She's like the wind... She just blows me away
She's like the air... I need her breathe (yeah)
She's like the Sun... Just-a shining down on me
She is the only one that brings happiness to me

I wish I could help her get through the tougher times
I hug her. I kiss a better feeling every time...

She's like the wind... She just blows me away
She's like the air... I need her breathe (yeah)
She's like the Sun... Just-a shining down on me
She is the only one that brings happiness to me

She's like the wind... She just blows me away
She's like the air... I need her breathe (yeah)
She's like the Sun... Just-a shining down on me
She is the only one that brings happiness to me
