Verse

Red light I stop and I think of you
Green light I go and I have no clue
What I'm doing and where my heads at
One wish, I wish I could have you back.
Lights off red flags go waving up
Lights on I go on so nonchalant
Hoping you do notice, notice anything

Chorus

I break down, I runaway
Hoping you don't find the truth
More secrets new passwords
Your a step ahead with every move
I try and try to hide it, your the one who always finds it...
Why do I do these things to you...
I break down.

Verse

At work, not really, I'm at the bar
At home I'm trying to get far, far enough away from
you, is this me or is it you.
You scream because you know I'm wrong
I scream because I know your right, You were right
every time, you were right all along.

Chorus

I break down, I runaway
Hoping you don't find the truth
More secrets new passwords
Your a step ahead with every move
I try and try to hide it, your the one who finds it... Why
do I do these things to you...
I break down.

Verse

I try and try hide to it, your the one who always finds it

Chorus

I break down, I runaway
Hoping you don't find the truth
More secrets new passwords
Your a step ahead with every move
I try and try to hide it, your the one who finds it... Why
do I do these things to you...
I break down.

Why do I do these things to you...
I break down.
