I wake up in the middle of the night,
You laying there, close by my side
I say I love you, as I hold you
I always wonder when I'll see you again
And if you leave will this be the end
I say I love you and I need you

You are my dream
The one that I see
My never ending love that fulfills me
The one that I feel
And I always knew
When I kiss you, I love you... I love you

It's hard to sleep when you're on my mind
It won't stop and can't be denied
I say I love you, as I hold you
And If I could have one wish it would
Make up for the time I missed
When I never had you, but now I have you.

You are my dream
The one that I see
My never ending love that fulfills me
The one that I feel
And I always knew
When I kiss you, I love you... I love you

I drop down to one knee
I grab your hand
Will you marry me?
I say I love you, I need to be with you

You are my dream
The one that I see
My never ending love that fulfills me
The one that I feel
And I always knew
When I kiss you, I love you... I love you

You are my dream
The one that I see

My never ending love that fulfills me
The one that I feel
And I always knew
When I kiss you, I love you... I love you
