I was kicked to the curb, and lost everything  
Hoping one day you'll come back to me  
Lost all trust that I may received  
Sorry you got hurt, when you got deceived  
Stress was building in my life  
I should've thought hard, should've thought twice  
The pain I caused when it was you and me  
Can I have you back, and baby believe

You're like a lucky penny you find on the ground  
I was so excited my heads spinning around  
The day we met I fell in love  
A lifetime with you just isn't enough

I laid in my bed and just thinking awhile  
I had this feeling like I was a child  
Had no worries, just living the dream  
Looking for the love, that I just couldn't see  
The days went by, just cruising along  
Searching for hope, that should've not gone  
You left me there for things done and said  
Now I live my life with one regret

You're like a lucky penny you find on the ground  
I was so excited my heads spinning around  
The day we met I fell in love  
A lifetime with you just isn't enough

I saw you there kissing that guy  
Hurt me bad, I could've had died  
I wish I could say that your mine  
Praying one day, I'll be part of your life

You're like a lucky penny you find on the ground  
I was so excited my heads spinning around  
The day we met I fell in love  
A lifetime with you just isn't enough

You're like a lucky penny you find on the ground  
I was so excited my heads spinning around  
The day we met I fell in love  
A lifetime with you just isn't enough
