It hurts me inside when you're not with me  
A thousand regrets that I've finally come to see  
None of them being your fault  
Just my stupidity  
Please forgive me for the times  
I failed you

What's the point of living life?  
Without you in my life  
What's the point of taking breathes  
With a dream with no success  
What will we be in years to come?  
I can't stand being torn  
What's the point of being here?  
When we are no more

I promised you I wouldn't tell a soul  
The pain that was caused I couldn't take anymore  
All the times that I said  
Close your eyes. Go to bed  
Just give me one more chance  
To prove you wrong

What's the point of living life?  
Without you in my life  
What's the point of taking breathes  
With a dream with no success  
What will we be in years to come?  
I can't stand being torn  
What's the point of being here?  
When we are no more

The laughs, the tears, don't show any fear  
The Dream, the thoughts are not really there  
Just give me chance, to show you I care

What's the point of living life?  
Without you in my life  
What's the point of taking breathes  
With a dream with no success  
What will we be in years to come?  
I can't stand being torn

What's the point of being here?  
When we are no more

What's the point of living life?  
Without you in my life  
What's the point of taking breathes  
With a dream with no success  
What will we be in years to come?  
I can't stand being torn  
What's the point of being here?  
When we are no more
