She was the first girl who came in to my heart  
She was the first girl that I ever felt  
She was the first girl I ever did hug  
She was the first girl I ever did kiss  
But no matter how many times I experience the feeling  
I had  
It will never go away

The times we shared are cemented inside  
It's a feeling I have, a feeling I can't hide  
I can try to forget, but to me it just hurts  
She'll always be with me. She'll always be my first

She was the first girl who gave me her trust  
She was the first girl I ever had missed  
She was the first girl to say she loved me  
She was the first girl I see when I dream  
But no matter how many times I experience the feeling  
I had  
It will never go away

The times we shared are cemented inside  
It's a feeling I have, a feeling I can't hide  
I can try to forget, but to me it just hurts  
She'll always be with me. She'll always be my first

The countless times I've been with her, she still blows  
me away  
The days and nights she was in my arms, I still miss  
today  
When she went away I felt like I was cursed  
I cry myself to sleep, because I wish she'd be my first  
For the rest of my time

The times we shared are cemented inside  
It's a feeling I have, a feeling I can't hide  
I can try to forget, but to me it just hurts  
She'll always be with me. She'll always be my first

The times we shared are cemented inside  
It's a feeling I have, a feeling I can't hide  
I can try to forget, but to me it just hurts

She'll always be with me. She'll always be my first
