I dialed the numbers with a tremble in my hand.
It's a feeling I can't explain, a feeling that's hard to
stand
But I go through life wondering if you'll there
I hope you love me or least I hope that you care

The place where you are is in my heart
The time is here, but I see we're falling apart
I stand by you all the way
I think about you night and day
I'm not going anywhere
Because of the memories we share

I watch the sun go down over the mountain range
I'm thinking of you and I of how we changed
I see you deep in my life... yeah
I'm praying hard you'll be mine

The place where you are is in my heart
The time is here, but I see we're falling apart
I stand by you all the way
I think about you night and day
I'm not going anywhere
Because of the memories we share

Can I prove to you that it's going to be Okay
I need to be with you, It's to just hard to wait...

The place where you are is in my heart
The time is here, but I see we're falling apart
I stand by you all the way
I think about you night and day
I'm not going anywhere
Because of the memories we share

The place where you are is in my heart
The time is here, but I see we're falling apart
I stand by you all the way
I think about you night and day
I'm not going anywhere
Because of the memories we share
