Everyday I wake up lying in my bed
Thinking of all those crazy nights
Going in and out of my head
When I left I had only one intention
Me and you for life
When I came home you said
I'm packing my bags and I should've thought twice

I don't care if you leave
The only thing you did was shatter my dreams
You don't care if I wreck my car
Told me my life wasn't going to far
We don't mind if don't succeed
But in the end it's you and me

You came crawling back with tears in your eyes
I met another girl, and baby she's mine
You say I never thought of you
All the time wasted and good god I got screwed

I don't care if you leave
The only thing you did was shatter my dreams
You don't care if I wreck my car
Told me my life wasn't going to far
We don't mind if don't succeed
But in the end it's you and me

Burn in hell...
Shut your mouth...
Move away...
Scream and Shout...
Close your eyes...
Identify...
That me and you will never survive

I don't care if you leave
The only thing you did was shatter my dreams
You don't care if I wreck my car
Told me my life wasn't going to far
We don't mind if don't succeed
But in the end it's you and me

I don't care if you leave
The only thing you did was shatter my dreams
You don't care if I wreck my car
Told me my life wasn't going to far
We don't mind if don't succeed
But in the end it's you and me
