Sitting in a chair looking at photos
Thinking to myself, how time goes
The memories that I hold in my heart
They're always close, never too far
I'm with the girl that I love
24/7 is still not enough
The life we share is a dream come true
I'll never forget the day we both said "I do"

You are the one I need to keep me alive
You are the one I want, the one I want inside
You are the one I see in my sweetest dreams
You are the one I pray, the one I believe

The days go by slower every day
You caused so much pain when you went away
We use to talk on the phone every night
I can't remember the last time we didn't fight
I go to sleep with an empty spot
It hurts so bad, it feels like I've been shot
Our last kiss, the taste of your lips
Will never go away, you're the one I miss

You are the one I need to keep me alive
You are the one I want, the one I want inside
You are the one I see in my sweetest dreams
You are the one I pray, the one I believe

No matter the space between us
I will never stop loving you
Yeah

You are the one I need to keep me alive
You are the one I want, the one I want inside
You are the one I see in my sweetest dreams
You are the one I pray, the one I believe
