Santa Monica sunset, decorates the sky
Rose colored twilight
Reflectin' your eyes
As we touch, the Heaven's light up
And we both know, we're drowning in love

Feels like I'm swimming in champagne
Dancing in the rain
My mind is spinning in a daze
Feels like I'm riding on a tidal wave
Feels like I'm swimming in champagne

Floatin' on a white cloud
With you in my arms
I never wanna touch down
Gonna live in the stars
And I don't wanna wake up, if this a dream
This love is a rush, when you're holdin' me

Feels like I'm swimming in champagne
Dancing in the rain
My mind is spinning in a daze
Feels like I'm riding on a tidal wave
Feels like I'm swimming in champagne, ohh

Feels like I'm swimming in champagne
Dancing in the rain
My mind is spinning in a daze
Feels like I'm riding on a tidal wave
Feels like I'm swimming in champagne

In champagne
In champagne
