Track: All About You

Through the pouring rain  
I still feel the same, all about you  
It's true, many folks agree  
The answer can be all about you

Circles get broken  
From the destiny's arrows  
Lives set in motion  
Is that how it's got to be?

All I've got to say  
Please don't slip away, when life abounds you  
And you know (it) hurts a lot, the pain  
'Cause it's not the same without you

Circles get broken  
From the destiny's arrows  
Lives set in motion  
Is that how it's got to be?

You gave me music first  
I still have the thirst, to love you  
And you know we still have a chance  
Things could still turn right, all within you

So throw out all those hurting shoes,  
Please don't turn on you, life's about you  
And come on, 'cause you're the king of hearts  
Now a brand new start, is all about you

Circles get broken  
From the destiny's arrows  
Lives set in motion  
Is that how it's got to be?

Circles get broken  
From the destiny's arrows

Lives set in motion  
Is that how it's got to be?
