So you may be thinking that you wanted more
You may be thinking that you don't know what's in store
I'm gonna be here but not for too long
So don't hold back

I don't do an encore
So if you're holding back energy give it to me now
I didn't mean that literally I meant like, over the course
of the show
Don't pretend that when I leave stage then you're
gonna flip out

'Cause it just won't happen, said it just won't happen
You're representing Chicago, the name will be on the
CD
Do you really want people hearing Chicago
And thinking, "They kind of lack energy"

So if you're holding back
Don't hold back anymore
If you're holding back
Don't hold back
