Ok it's alright with me some things are just meant to be  
it never comes easily and when it does i'm already  
gone  
i'm practically never still more likely to move until i end  
up alone at will  
my life continues inching along

### CHORUS

when bernadette comes I get lost on her time  
she's much too sweet and she's always gonna be  
when i return to her arms and her eyes

it might not be the same but it's alright with me

ok it's alright with me some people are scared to see  
what's happening frequently but I would never shy  
from a fight  
heartbeat with a high demand often will go hand in  
hand  
but i'm sick of just starting plans i wanna spend the rest  
of my life.
