Outside this brilliant room are parts unknown.
But your love is all I need right now to get me home.
Through these life's windows and separating all the
angles,
My mind starts to wander, pearls slip by outside this
brilliant room.
Inside this brilliant room, you speak to me.
Your love is capturing my soul. You're gonna rescue
me.
Through these life's windows and separating all the
angles.
My mind starts to linger, pearls slip through my fingers.
I can't remember, but it doesn't really even matter.
The promise tomorrow is healing the sorrow.
And in these life's issues, there's someone there to
assist you.
And what you might look for is happening inside this
brilliant room.
Through these life's windows and separating all the
angles.
My mind starts to linger, pearls slip through my fingers.
I can't remember, but it doesn't really even matter.
The promise tomorrow is healing the sorrow.
And in these life's issues, there's someone there to
assist you.
And what you might look for is happening on the in-
door.
And the curtain gets trampled and the mirror falls in
ten shambles.
Inside this brilliant room.
