When I go and I get lonely  
I begin to think of you  
But I know a dream is only  
I'm a fool

Someone said that you'd be long gone  
Not to waste my time on you  
I see you everyday and sunshine  
I'm a fool  
Am I the fool to you? Oh yeah

Emerald eyes I see you somewhere  
Why your eyes so blue?  
Love can be like holding your breath  
Is that the way fools do?

Haven't time to talk about it  
I admit I've been a fool  
Thought I shouldn't think about it  
I need you can't stop this feeling  
Am I the fool to you?

Emerald eyes I see you somewhere  
Why your eyes so blue?  
Love can be like holding your breath  
Is that the way fools do?

Emerald eyes I see you somewhere  
Why your eyes so blue?  
Love can be like holding your breath  
Is that the way fools do?

Emerald eyes I see you somewhere  
Why your eyes so blue?  
Love can be like holding your breath  
Is that the way fools do?
