You're alright.
Close my eyes see your reflection.
In my life you always are.
Now I know my true direction
'cause I see your shining star.
Call out my name,
when you do I will let you know
that now my attention's on you.
I was down on the ground,
but I don't need to think about it.
Nothing can keep me from you.
It's been so long to get the reception.
Now your smile I keep in view.
And all your love and your sweet affection
makes me feel so close to you.
Call out my name,
when you do I will let you know
that now my attention's on you.
And I was down on the ground,
but I don't have to think about it.
Nothing can keep me from you.
Hey!
(guitar solo)
Just call out my name,
when you do I will let you know
that now my attention's on you.
I was down on the ground,-----
Nothing can keep me from you.
I said, nothing can keep me from you.
If you could just give me one more try.
'Cause I'm down on my knees
and I don't give a hang about it
Nothing should keep me from you.
I'm gonna get to you.
Ooh Yeah!
(guitar solo)
