You're crippled like a horse  
Fall legless down a hill  
Is that your notion?  
I've escaped.

With fingernails like chalk  
Spill dust into the wind  
You're a testament to your own mistakes  
You've fallen far into the blackness  
Of some stranger's arms  
And the coldness of his touch

With so much love to give  
But so much more to take  
And so vanity that's available exclusively to you

Oh, some love can be fictitious  
As if anyone needs to know  
Just how long now  
Just how long now  
Just how long now

I've put words into your mouth  
I breathe truths into your ear  
But that feeling has been locked to you

I've been lazy in my cave  
But it's founded me no gain  
It's not fair  
So I'll be asleep up to you  
Oh, some loves can be fictitious  
As if anyone needs to know.  
From the sublime to the ridiculous  
It's apart from where you know  
Oh, some love can be fictitious  
As if anyone needs to know  
Just how long now  
Just how long now  
Just how long now

Oh, hey, how long's it gonna take?  
How long's it gonna take?

For you to fall  
To keep me  
I just don't need one more mistake  
Some loves, they grow so fictitious now  
Some loves, they grow so fictitious now  
Some loves, they grow so fictitious  
Don't they?  
They're so fictitious now

I don't have to walk away  
From you
