Hey it's my mind  
Lets me down  
All the time  
Find a switch  
Kill the lights  
Find a door  
In my sights  
There's three things  
Floating 'round  
One is God  
And one's a girl  
And the rest  
Can't define  
There's no space  
There's no time  
See her face  
Like a ghost  
Floating up  
When I'm down  
But I'm not down  
I'm just out anywhere  
Feeding doubt  
All the trains  
All the girls  
It's a blur  
In my world  
Can't define  
What I say  
Because my mind  
It's in the way  
Half asleep  
All the time  
While the wheels  
Turn and grind  
Digging holes  
In the ground  
Throwing gold  
All around

But I won't forget  
Sometimes I wish  
I was a star

Floating high  
Above the earth  
Free of guilt  
Free of lust  
Free of mirth  
Free of trust  
But my soul  
Lets me down  
Lose control  
But still can't  
Find anything  
That I know  
So I drift  
And let go  
And I don't wish  
That I was dead  
Because life's a gift  
That I dread  
What to do  
And what to say  
It doesn't matter anyway  
And just wait  
Without a doubt  
I'm the one  
Who you should shout  
Shout me down  
In the woods  
Where you know  
You never should

You never should
