Hold on to it
Hold on to it
Make you better
I made you better
You're inside me
I'm your mommy

I know what is going on here
I always make you so stronger
Can't you see that i need to
Can't you see that i need to, yeah

Hold on to it
You hold on to me
Fix it for you
I fixed it for you
But i don't wanna
Be yr mama

I know what is going on here
I always make you so stronger
Can't you see that i need to
Can't you see that i need to, yeah

Just a little more
Is what i wait for
Just a little more
Is what i wait for

Hold on to it
You hold on to me
But i'm not gonna
Be yr mama
