Way up in the sky  
That is where am i  
I breathe the thin air  
I like it way up there

In a bunch of trees  
I'm down on my knees  
I know what you are  
I know what you are

And i don't think you wanna know  
I don't think you wanna know  
I don't think you wanna  
Mess around up there

Don't think you wanna know  
I don't think you wanna know  
I don't think you wanna  
Mess around up there

Angels in the skies  
Watch you with their eyes  
They know what you are  
They know what you are

Everything i say  
Comes back to me one day  
Everything you do  
Comes back to stare at you

And i don't think you wanna know  
I don't think you wanna know  
I don't think you wanna  
Mess around up there

Don't think you wanna know  
I don't think you wanna know  
I don't think you wanna  
Mess around up there

Way up in the sky

That is where am i  
I breathe the thin air  
I like it way up there
