It's time to take your heavy foot off my buried head
And shut that broken record up before I go deaf
I'm not a factor in your braniac decision
You must have me confused with someone who will
listen
To ya
Why am I the only one who's singled out
You can't slap the way I am out of my big mouth
Anywhere but here is where it's at
Cause I'm free of it, cause I'm free of it
It's time to cut the puppet loose from under your thumb
And blow the roof right off of psycho babylon
I'm not some number in ridiculous statistics
If it ain't workin' it ain't worth it trying to fix it
Why am I the only one who's singled out

You can't slap the way I am out of my big mouth
Anywhere but here is where it's at
Cause I'm free of it, cause I'm free of it
I'm out of my mind and I don't mind
I'm out of my skin, soon as I hit the corner
A smile on my face and it's right where I wanna be
(Rap)
Why am I the only one who's singled out
You can't slap the way I am out of my big mouth
Anywhere but here is where it's at
Cause I ain't standing around to have you hold me back
Who do you think you're foolin' when you're playing
god
Your trip is to get over what you ain't got
Cause I'm free of it, cause I'm free of it
