I'm the water i'm the dishes i'm the soap
i will comfort make you clean help you cope
when you're tired feeling helpless
come inside i am the shelter
and then when you're feeling better i'll
watch you go
dum dum dee dee dee dum dum dee dum do
all the little babies go oh oh i want to
dum dum dee dee dee dum dum dee dum yeah
rock the little babies with one two three
are you hungry did you eat before the show
i peeled potatoes set the table washed the floor
i know the others treat you rough
and when you know you've had enough
you'll come and see me cos you know
I'm always here
mother's little helper
