And then one fine morning

She woke, she knew

One long look at her life

It was you

(What you want you might never have

Wait for it until it forms a scar)

Come hell or high water

Her heart was made

Will get in the way

NO friend and no love

For size long years happiness spoke

But then the time was up

The spell was broke

(Take your time, no hurry up

Change your mind, go back to the start)

What I have done

She said that I have done

To get my way

To get this day

YOu're gonna find out

You're gonna get low

It's time to darken your soul

Fortune weary love

Fortune weary love

Baby don't you dare give up on me now
