Lets go down to the beach today  
Lets go down to the water and play  
Build me a sandcastle made of clay  
Then we'll watch it wash away

Lets go hang with the kids today  
I forget everything  
I will be your friend today  
I will be your friend today

I don't care what you say  
I don't care what you say  
I don't care what you say  
I don't care what you say

Lets go down to the beach today  
Everything is different today  
I wont get mad at anything  
I forgive everything

Lets go down to the water today  
It won't cost me anything  
I will be your friend today  
I don't care if you hate me

I don't care what you say  
I don't care what you say  
I don't care what you say  
I don't care what you say

Lets go down to the beach today  
I will play all your games  
Lets hang out with the kids today  
Lets hang out with the kids okay  
Build me a sandcastle made of clay  
Then we'll watch it wash away  
I will be your friend today  
I will be your friend today

Dear Corin

Youre the only ?cat? in the whole school that can keep

an open mind about music  
Mix up the lil wild wildness  
Keep listening to those crazy new wave bands  
And keep an eye out for sheena cause she's a punk  
rocker.  
Keep the faith that new bands will appear  
But it's also intresting listening to all your stories of car  
wrecks and  
Concerts  
I hope you get out of all trouble you got in with the cops  
I know the feeling  
We've got to start a band this summer  
We've gotta find a better name than Sleater-Kinney  
It's was good not knowing you  
I hope you have a good summer, stay cool.  
Love Carrie

I don't care what you say  
I don't care what you say  
I don't care what you say  
I don't care what you say
