Bad thoughts bad car bad drive
(where are you now)
A mess a lot a lie
(where are you now)
I can't be alone tonight
(where are you now)
I'm tired i'm hurt i'm fine

You've always got me guessing why
(that's how things happen to find you)
Nothing the same after tonight
(and how am i gonna tell you)
Nothing is gonna make it right
(don't start i'm not gonna fight you)
Keep the house quiet dark tonight
(could be i'm not gonna find you)

One sour one sweet one lime
(where are you now)
Taste both taste yours taste mine
(where are you now)
Too late too long no light
(where are you now)
I can't see a thing tonight
(where are you now)

You've always got me guessing why
(that's how i happen to find you)
Nothing the same after tonight
(and how am i gonna tell you)
Nothing is gonna make it right
(don't start i'm not gonna fight you)
Tell me what's going on in sight
(could be i'm not gonna find you)

You've always got me guessing why
(that's how i happen to find you)
Nothing the same after tonight
(and how am i gonna tell you)
Nothing is gonna make it right
(don't start i'm not gonna fight you)

Tell me what's going on in sight
(could be i'm not gonna find you)
