[feat. The Ones]

In the morning just the splendid of the sunshine gets
me up to go

I wake up and hear the song about the singin how it
moves me so

People moving, people grovin to the rhythm in their
special way

Can you feel it in the promise of the morning itâ€™s a
lovely day

Chorus:

Gonna keep my head up live with the smile on my face
â€™cause itâ€™s just too bright to the light go away

And you can live in this beautiful place

if you come with me

I am happy when i look it all the people

They love me i know

I am thankful in the presence of the children just to see
the .

Every day my lady bless me with sugar in her love to
smile

When youâ€™re livin in the world . thereâ€™s no time
to front

Chorus:

Gonna keep my head up live with the smile on my face
â€™cause itâ€™s just too bright to the light go away

And you can live in this beautiful place

if you come with me

When are clouds in the sky

Sometimes we have to cry . just gonna

.see . you know itâ€™s .

There it ainâ€™t no reason to worry at all

When there are clouds in the sky

Sometimes we have to cry but itâ€™s .

Sometimes we wonâ€™t see .

Oh no itâ€™s there isano reason to worry at all

Ooh ooh yeha yeah
