Pave a new road for, for us.
Pave a new road for, for us.

Kids are living life like, its another game.
Kids are living life like, theres not any pain.

You can drop a quarter in and start your life again.
There is a better way,

Pave a new road for us.
Pave a new road for us.
So much is dying...
So much is dying...

...
Some make is home but there souls are lost...
Theres a smarter way,

Pave a new road for us.
Pave a new road for us.
