I tried not to write a song so sad  
Baby we...  
Have what you call unconditional, love  
Far more than just beautiful, she  
Added the sun to my cloudy day, way  
Too strong to ever fade away, hey  
Least it felt like that at the time, time  
Never seemed to be a friend of mine, tho  
I considered her my luck charm, she  
Couldn't guide my heart away from harm no oh oh

Chorus:

I tried not to write a song so sad  
When you gave all you had and it still goes bad  
It's seems the pain just shows up on the, on the pad  
As the pen just cries away

I try my best and even I, lie  
To myself just to keep my smile, while  
All the pieces came fallin down, kept  
Say she's gonna still stick around, while  
Here I am same place again, home  
With my friends-my faithful pad and pen, they  
Always seem to just help me thru, till  
I get a chance to talk to you  
'Just wanted to see how ya doing  
Oh you are on the other line, well  
I'll call you back some other time, well  
Later on'

Chorus:

I tried not to write a song so sad  
When you gave all you had and it still goes bad  
It's seems the pain just shows up on the, on the pad  
As the pen just cries away

Bridge:

Cuz when I share this with you  
Close your eyes and listen (close your eyes)  
The words will paint your picture  
And you give me what I've been missing  
You, give me what I've been missing (its love)

And if you relate to this feeling  
Then you and I are healing  
I guess this is our song (I guess this is our song baby)

Chorusx2:

I tried not to write a song so sad  
When you gave all you had and it still goes bad  
(sometimes it hurts so bad inside)  
It's seems the pain just shows up on the, on the pad  
As the pen just cries away

I tried not to write a song so sad  
When you gave all you had and it still goes bad  
It's seems the pain just shows up on the, on the pad  
As the pen just cries away
