You wond'rin why
She ain't been respondin'
Ain't like you try'n
Like when you was huntin'
Now you just reach
Whenever you're wantin'
A little piece,
But you're missin somethin'
Think back when you
Were lost in the newness
You act as if
Somehow now you're clueless
You know inside
What her body's askin'
Lost in time;
Sometimes that can happen
See God made us hunters and they are the hunted;
In the beginning we chase 'em Make 'em feel wanted
But now that we got 'em
It ain't time to let 'em go
We discover the power that kisses hold
The time you took
Now has been replaced with
Priorities
Now it's like erasin'
Rather than enjoyin the moment
Is makin love
Only thing you're showin'?
You don't intend
To misplace the magic
Neither does she
But neither will have it
Until you both
Focus on those places
Spend time on
Shoulders, necks, backs,
And faces
Oooo God made us hunters and they are the hunted;
(believe it)
In the beginning we chase 'em and make 'em feel
wanted
Now that we got 'em

It ain't time to let 'em go
We discover the power that kisses hold
Hey, when was the last time
That you kissed her?
Really kissed her?
We discover the passion that it frees, oh...
God made us hunters and they are the hunted;
In the beginning we chase 'em and we make 'em feel
wanted
Now that we got 'em
It ain't time to let 'em go
We discover the power that kisses hold
Hey, God made us hunters and they are the hunted;
In the beginning we chase 'em Make 'em feel wanted
Now that we got 'em
It ain't time to let 'em go, hey
We discover the power...
We discover the power that kisses hold
Met her on a summer day
Matter fact an afternoon
I loved the way
She looked at me
Never could (fade)
