Chorus:

I wanna love you I wanna kiss you,  
And when I miss you, I really miss you  
I wanna give it, give it to you  
Whether it's right or wrong baby,  
If you feel it then why you hide it  
Or if you like it then why you fight it  
I wanna give it, give it to you whether it's right or wrong  
baby

Verse 1:

Thought about you as I wrote this  
So much to say hard to show this  
Even tho I know you know this  
I'm focused  
I want this girl  
More than anything I can wish for  
Never been so real and so sure  
Every day I want it even more  
I'm at your door  
I know the deal yeah  
I know my style don't match ur lifestyle  
Ms. Corporate Chick meet Mr. Wild Child  
You stack it up while I just freestyle  
For a while, let's c how it goes  
Even tho it's so heavenly  
I see you back steppin so steadily  
Why can't we let it happen and just let it be  
Why can't we let it breathe oh

Chorus

Verse 2:

Need you right here to help me thru this  
Look at this world and be so ruthless  
I look at you and feel we can do this  
If the newness, if I go thru this, girl  
Enough to know you ain't a play thing  
You a good girl, an everyday thing  
My partner in crime, my never stray thing  
So amazing, I'm bout to bring it for  
Now here's our chance don't make me let it go

The closer you are I want you even more  
You like it today plus you will never know  
How things will go  
So let it play  
Everyday it may amplify  
A beautiful vibe to mimic other's try  
From this day I mean this: I will never lie  
Unless it's by ur side oh

Chorus

We can be friends we can be close  
We can just share things that most do not see  
Baby you and me  
We were meant to be  
For eternity, baby

Chorus x2

Wanna love you baby girl even if it's right or wrong  
You know I dedicate this song to you baby cuz I hope ya  
singin along  
Your pop don't like me cuz I rock and roll spend most of  
my time all around the globe
