Feels like I'm caught in a time, yeah-eh-eh-eh
Where showing love is a crime, yeah-eh-eh-eh

Yeah-eh

Yeah-eh

I must be out of my mind, yeah-eh-eh-eh
I put my heart on the line, yeah-eh-eh-eh

For love

For love

I know I'm brave enough to try

I've walked for miles

I have a dream

I hear the crowd

Calling out for me

So many smiles

So many screams

So side by side

Let's take a walk

Cuz if tonight we go to war

I'm not afraid of dying

I gotta keep on marching

I'm marching in the name of love

Cuz if tonight we go to war

I'm not afraid of dying

I gotta keep on marching

I'm marching in the name of love

I'm marching in the name of love

I've been so far down the road, yeah-eh-eh-eh
Where ever story's been told, yeah-eh-eh-eh

Yeah-eh

Yeah-eh

Hey

But now I'm burning the page, yeah-eh-eh-eh

I'm stepping out on the stage, yeah-eh-eh-eh

For you

For you

Because I'm brave enough to try

I've walked for miles

I have a dream

I hear the crowd

Calling out for me

So many smiles

So many screams

So side by side

Let's take a walk

Cuz if tonight we go to war

I'm not afraid of dying

I gotta keep on marching

I'm marching in the name of love

Cuz if tonight we go to war

I'm not afraid of dying

I gotta keep on marching

I'm marching in the name of love

I'm marching in the name of love

Cuz if tonight we go to war

I'm not afraid of dying

I gotta keep on marching

I'm marching in the name of love

Feels like I'm caught in a time, yeah-eh-eh-eh

Where showing love is a crime, yeah-eh-eh-eh

Yeah-eh

Yeah-eh
