I was walking down the street
I saw you moving like a model
Got the attitude the baddest I know
And the feeling that I have is brand new
Had me losing my cool
Should have talked to you, but I was to slow

How could I be dumb and let you pass by
Without me giving you my number
Could be the one and only
Yeah your stuck inside my head
And all my boys telling me to quit that
I don't care I can't forget you girl

Oh

Hey miss unknown
Pretty face
Where you from ?
Something I gotta say
Miss unknown
Where'd you go ?
Wanna know
Hey tell me what's your name

Hey-hey-hey-hey-hey-hey
Hey-hey-hey-hey-hey-hey
Hey-hey-hey-hey-hey-hey
I gotta go back
I gotta go back and talk to you
Hey-hey-hey-hey-hey-hey
To you
Hey-hey-hey-hey-hey-hey
To you

Hey-hey-hey-hey-hey-hey
I gotta go back, I gotta go back and talk to you

Ouh-ouh, ouh-ouh

Oh

Every time I see a girl with brown eyes
I am so reminded (reminded)
Of the day when I let you get away, yeah
Now I'm done playing Mr Bad Guy
I don't wanna hide it (I don't wanna hide it)
And I really wish to see you again

How could I be dumb and let you pass by
Without me giving you my number (hey)
Could be the one and only
Yeah your stuck inside my head
And all my boys telling me to quit that
I don't care I can't forget you girl

Alright oh
