Maybe now  
You've changed your point of view  
Maybe now  
You see that life is stranger than you  
This is your time  
Tell me now  
Tell me how you feel inside  
Is it cold or is it sad?  
The dark side of time  
The dark side of time  
Maybe now  
You've realized there's no limit for you  
Maybe now  
You feel it's time to be free  
This is your time  
Tell me now  
Tell me how you feel inside  
Is it cold or is it sad?  
The dark side of time  
The dark side of time  
Don't think about it  
Come on, give me all the limits  
This is your time  
Tell me now  
Tell me how you feel inside  
Is it cold or is it sad?  
The dark side  
This is your time  
Your time  
Tell me now  
Tell me how you feel inside  
Is it cold or is it sad?  
The dark side  
The dark side of time
