'Starlet'

I've been a waiting for way too long
And you were a hoping to star in all these songs
And I don't know what to do, Bady did you hear the
news
You can be leaving I just won't let you go

Chorus

Hey there miss Louise you can get the best of me if I
can have the rest of me
Go Go Go with me we can walk the city street and
blvds. And galleries
We'll leave tonight, it'll feel just fine,
we'll wake the neighbors up and break your mothers
heart

We've been a guessing but I guess we're guessing
wrong
And the points you've been pressing, they don't
impress at all
You know I don't know what to say you will always have
that face
You can be my starlet all coked up tonight
