'You ruined Tennessee'

I'm amazed, by the way, you felt me up, and let me
down

Look to your left there's a boy, 'what the hell'

Chorus

You ruined Tennessee for me I could go there like I
want to

And Broadway just doesn't look the same the neon
lights don't shine like they used to

So don't come back, I'm not sure they'll even let you

And oh to let you know you sold me out but 'it didn't
mean a thing'

So wait where you are you'll come around or you won't

Chorus

Chorus

(save it for a rainy day)
