(Dickie Peterson)

Oh, Yeah!

Ain't nobody owns me

Lord, I do just like I please

Ain't nobody tells me, baby

Cause I live my life with the greatest of ease.

Nobody helps me

I take what I need

Nobody can catch me

'Cause I'm on my good knees.

Adventures in these times so hard

Can light up the dark and they can carry you far

Adventures can change your life

Can light up the night and make you feel alright.

Nobody hurts me, baby

'Cause I know that I'm gonna win, yay (yes I am)

And everybody knows

Yeah, they all know where I been.

Everybody laughs

'Cause it's all fun

I'm just hopin' I be happy I won.

Adventures in these times so hard

Can light up the dark, can carry you far

Adventures can change your life

Can light up the night and make you feel alright.

Just like the heroes on the movie screen

We're all King so I live in our dream, Yeah!

Alright!

Said, Adventures....

hey, dude! (yeah) Do you wanna be a king? (well yeah)

And I said now, now, hey, lady!

Oh, would you like to be a queen?

But if you want to be king (whistle)

and if you, if you wanna be a queen,

well then you got to, you got to follow your dreams

(well yeah, yeah!)

....in these times so hard

Can light up the dark, can carry you far

Adventures can change your life

Can light up the night and make you feel alright.
