(Dickie Peterson)

OH!

I have known her and chew me to the bone  
A thousand faces and still she stands alone

But I can't change her

Oh cause she likes it that way

She got one foot on my heart

And she got one in my brain.

She's a nightmare

Yeah, she's a nightmare

Oh no, she's a nightmare

Hey, she's a nightmare.

Inside her, Lord late at night

A-rolling through the backstreets

Of your life

Well you never see her in the light of day

Cause she's a wide, wide range of breeding strange.

She's a nightmare

She's a nightmare

Oh what a nightmare

Oh no, she's a nightmare.

Late at night, when you lay sleeping

Your nightmare comes creeping around.

I have known her from the depth of fear

I have had her lower lightning here

But I wouldn't change her

Because I like her that way

Cause she's a wide, wide range of breeding strange.

She's a nightmare

She's a nightmare

Oh what a nightmare

She's a nightmare

Oh she's a nightmare

Oh what a nightmare

I know she's a nightmare

I know, I know she's a nightmare, OH!

She's a nightmare

Oh she's a nightmare

I know, an obscene nightmare

Yeah, she's a nightmare

OOOOOHHHHHHH!
