

Eric Stuart "Two Perfect Girls"

Visit "[Two Perfect Girls](#)" on MotoLyrics.com

A one-woman man's what I wanna be
To stay by her side so faithfully
I would if I could, but it's just no good
'Cause there's two perfect girls for me

Ha! Ha! Ha! All right!

Jenny, oh Jenny!
Joy, oh Joy!
A one-woman man's what I wanna be
But there's two perfect girls for me

Oh, yeah!

Officer Jenny, oh, can't you see
You can lock me up and throw away the key?
Jenny, if lovin' you's a crime
Then sentence me now and I'll do the time

My uniform beauty is simply the best
She's got my heart under house arrest
But before that cop names me her boy
I'm head-over-heels (He's head-over-heels)
I'm head-over-heels for a nurse named Joy...

Oooh!

Jenny, oh Jenny!
Joy, oh Joy!
A one-woman man's what I wanna be
But there's two perfect girls for me

All right!

Nurse Joy, won't you please
Cure me of this bad disease?
Oh, Joy, the diagnosis is bleak
When I see your face my knees get weak

Well, I'm burnin' up, I got the fever
She's my perfect nurse and I'll never leave 'er
Her bedside manner has healed so many

So, why am I in love (Why's he so in love?)
Why am I in love with Officer Jenny?

Yeah!

Jenny, oh Jenny!
Joy, oh Joy!
A one-woman man's what I wanna be
But there's two perfect girls for me

Ha! Ha! Ha! Ha! All right! Swing it!

(Instrumental Break)

Aw, Jenny! Whoo!

A one-woman man's what I wanna be
But there's two perfect girls for me

Oh, I've tried (tried!) and I've tried (tried!)
And I've searched way deep inside (deep inside)
From these two, I won't choose! I can't stand the bad
news
'Bout the name of the girl that I'm gonna lose

This can't go on, enough is enough!
I've gotta pick one, no matter how tough
It's time for eeny-meeny-miny-mo...
But, wait a second! (Wait a second!)
Wait a second! (Come on and wait a second!)
What's her name? I've just gotta know
I've just gotta know!

Oh, Jenny, oh Jenny!
Joy, oh Joy!
A one-woman man's what I wanna be
But there's...
One, no, two!
Three! Four! Five! Six! Seven!
So many!
Perfect girls for me

All right!
