[Verse 1:]

It's been 5 hours and 3 minutes since I left your bed
And still somehow I can't seem to get you out of my
head

Displaying emotions, affection words I neva say
Your lovings got me wrap up tight and I just can't
escape

It's not that baby your a bad thing for I'm just saying
Need to pause for mintue catch myself on how I'm
feelin

Is it good
Is it bad
Is it real
Or Is it fake
If I'm wrong
My mistake
Either way
Either way

I can't stop (can't stop)
Thinking about you
I'm just going in circles
Your loves got me sedated
I can't stop (can't stop)
When your not around me
Got me going so crazy
And this person just not me

[Verse 2:]

Lately all these mixed emotions got me twisted inside
Helplessly wondering if wut I'm feeling is even right
I can't breath I can't breath
When u're away from me
Can't u see can't u see
U got the best of me

And I just can't stop (can't stop)
Thinking about you
I'm just going in circles
Your loves got me sedated

I can't stop (can't stop)
When your not around me
Got me going so crazy
And this person just not me

Hey lover Hey lover this is more then a crush(can't
stop)
Hey lover Hey lover this is more then a crush(can't
stop)
(You got the best of me)

And I just can't stop (can't stop)
Thinking about you
I'm just going in circles
Your loves got me sedated
I can't stop (can't stop)
When your not around me
Got me going so crazy
And this person just not me

And I just can't stop (can't stop)
Thinking about you
Oh you got me sedated baby
I can't stop (can't stop)
When your not around
And I'm feeling down sweet lady
