Mister... Right right right...

I never meant to let you go
And I just want you to know
I never meant to let you go
And now I'm all here alone

I heard that you've been doin' well with your new life
Ask for me, I guess you'll be say I've been alright
To tell the truth since you left it isn't the same
And I'm going crazy here tryin' to forget your face
Even though time has passed, still don't know what to
do
I'm in so much pain because my heart still loves you
I wish I could just turn back the time and take back the
words that led us to say goodbye

[Chorus]

I never meant to let you go
And I just want you to know
I never meant to let you go
And now I'm all here alone

Do you still think of me baby?
Do you still think of me like I still think of you?
Baby it's killing me living like stuck on you

Baby your bottom sounds so crazy
'Cause it's been a while now since I walked out the door
Regret every day, I should've loved you more babe
Are you happy with him the way I was with you?
Does he make you smile the way that I used to?
Even though time has passed, still don't know what to
do
I'm in so much pain because my heart still loves you

[Chorus]

I never meant to let you go (you go, oh no)
And I just want you to know (girl I want you to know)
I never meant to let you go (let you go)
And now I'm all here alone

Do you still think of me baby?
Do you still think of me like I still think of you?
Baby it's killing me living like stuck on you

It's time to move on
Now that you're gone
I did you wrong
Sorry I didn't treat you right, right, right...
Sorry I didn't treat you right, right right...
Sorry I didn't treat you

(Never meant to say goodbye)

[Chorus]
I never meant to let you go (Ohh)
And I just want you to know (I just want you to know)
I never meant to let you go (Never meant to hurt you)
And now I'm all here alone (I never meant to make you
cry)

Do you still?
Do you still think of me like I still think of you?
Baby it's killing me living like stuck on you

Mister... Right right right...
