What's the point of waking up today?
What's the point of doing anything anyway
What's the point of hearing people say
That you wont amount anything

Well I've been confused
I've been let down
My worlds went (?) for crashing to the ground
One of these days I'm gonna change things around
It starts with me and no one else

CHORUS:
Why wait
Why wait
Gotta drop your reputations
Don't wait
Don't wait
For someone else to take your place

Who knows me better than myself?
It's really not you
Go to hell

It's hard enough to keep my own expectations

I don't need you
I've been confused
I've been let down
My worlds went (?) for crashing to the ground
One of these days I'm gonna change things around
It starts with me and no one else

CHORUS(x2)

What's the point of waking up today?
What's the point of doing anything anyway
What's the point of hearing people say
That you wont amount anything

Well I've been confused
I've been let down
My worlds went (?) for crashing to the ground

CHORUS(x2)
