"Wait"

What's the point of waking up today?
What's the point of doing anything anyway?
What's the point of hearing people say
That you won't amount to anything

Well I've been confused
I've been let down
My will's what stopped me from crashing to the ground
One of these days I'm gonna change around
It's up to me and no one else

Why wait? Why wait?
Drop your reputations
Don't wait, Don't wait
For someone else to take your place

Who knows me better than myself?
Certainly not you
Go to hell!
It's hard enough to keep my own expectations
I don't need you

I've been confused
I've been let down
My will's what stopped me from crashing to the ground
One of these days I'm gonna change things around
It's up to me and no one else

Why wait? Why wait?
Gotta drop your reputations
Don't wait, Don't wait
For someone else to take your place

Why wait? Why wait?
Gotta drop your reputations
Don't wait, Don't wait
For someone else to take your place

What's the point of waking up today?
What's the point of doing anything anyway?
What's the point of hearing people say

That you wont amount to anything

Well I've been confused

I've been let down

My will's what stopped me from crashing to the ground

Why wait? Why wait?

Gotta drop your reputations

Don't wait, Don't wait

For someone else to take your place

Why wait? Why wait?

Gotta drop your reputations

Don't wait, Don't wait

For someone else to take your place
