It's all a sad mistake
Worn out days waiting to end
Nothing satisfies you

So call me by my name
And give me something I can defend
If only I could make you care

A little
A little
That's all you want
A way to forget
A little
A little
I'd come along
If you'd only take me...

...On for something else
A different day
Where you don't pretend
If only I could make you care
I'm on your side
But no one is there

A little
A little
That's all you want
A way to forget
A little
A little
I'd come along
If you'd only take me

Here it goes
Now it's lost
The lines I drew
You always crossed
Here we go
I can't pretend
Now that we head for the end

A little
A little
That's all you want
A way to forget
A little
A little
I'd come along
If you'd only take me
