I am restless
My deamons stole your pride
I'm shapeless
My mind's left open wide
Now let me leave for a while
This is where I'll go
There's an ending
on the rise
You gotta leave it all behind
until lwe reach the other side
Quick pretending
I can't hold on
I've seen it all go by
Don't remember why
Between the lines
I'm restless
can't seem to find my way
This time I'm sleepless
you know i can't stay
Come on, let me leave for a while
This is where I'll go

I'll let you know
There's an ending
on the rise
You gotta leave it all behind
until I we reach the other side
Quick pretending
I can't hold on
I've seen it all go by
I don't remember why
Between the lines
You got'ta reach the other side
Come on
Quick pretending
I can't hold on
I've seen it all go by
I don't remember why
Between the lines
