"Come Down"

My days just multiply
Add up to a case I can't deny
Hide in every corner, every crack
Remind me I can never get them back
Well I need to get around this
My head's a bad design
Turn out all the streetlights
They tell me you're leaving

So I start the climb
But I can't lift my feet
To the darkened sky
I guess I'm caught beneath
Won't you come down?
Won't you come down?
I'm left with black and white
Colours every passage that I write
Leave me with a sequel would you please?
Any sign that leads to my release

So I start the climb
But I can't lift my feet
To the darkened sky
I guess I'm caught beneath
Won't you come down?
Won't you come down?
Play me a sequel
Give me a sign
Won't you come down?
Won't you come down?
