Have you ever tried to be alone
When the city sleeps
And no one's there to call
Have you ever listened to the sound
Of the lonely hearts drifting all around

To late when I fall
It's never ment to be a yesterdays call
My love
So cry when it's all
Another reason to get once and for all
my love

Have you ever tried to run away
Feel the meaning of the words you never say
Have you ever managed to get lost
Could you someone pay the devil what it costs

Don't wait till you fall
It's never ment to be a yesterdays call
my love
Push OK to install
we're getting somewhere
And it's once and for all
my love

Why do you always need to cause
That there's no reason not to fly
I'm not the one to tell you lies;
I never said I'm gonna cry
Yesterdays' coming to close now
Yesterdays' coming to close now

Have you ever tried to be alone
Too late when I fall
It's never ment to be a yesterdays call
my love
Push OK to install
we're getting somewhere
And it's once and for all
my love
