We'll start this off a little slow
But in the end it's to let you know
That on the bright side here's a change of pace
This empty wall makes second base
Hang me up, I'm an acquired tastes
So I hear your down to take my
Place

So here we go again (X4)
Oh

Step back second chance we'll right the wrong
With a new solution
Let's prolong
This new disease
Emergencies
And in the end we're never wrong

Kick it!
We'll rule your stereo you'll dance till your very low
In energy
We only mean to
Plug in and make a scene

So here we go again (x4)
Oh
