Could this be any better?  
Summer days and chemistry  
My heart will keep your heart company  
As we hold hands under giant trees  
Our roots burrow deeper and won't let us leave

All in a summers day  
All in a summers day

This summer's day is the day  
This forest comes alive  
It will live in our hearts the rest, the rest the rest  
Of our lives

### **BREAKDOWN**

Could this be any better?  
Summer nights and fireflies  
Our eyes will share the same night skies  
Our insomnia is a blessing  
Keeping the planes and stars coming

All in a summer's day  
All in a summer's day

This summer's night is the night  
The sun will never rise  
It will live in our hearts the rest, the rest, the rest  
Of our lives
